**31:8 Project** educates, advocates and raises awareness in order to prevent human trafficking. We provide informative seminars, conduct research, and create curriculum applicable to all levels of education and forms of human trafficking. Through our research we examine the causes, impact, and issues surrounding this crime and the victims. It is through this process that we are able to equip society to tackle issues relating to human trafficking. To learn more about our organization, how you can get involved, and any upcoming trainings, visit [www.318project.org](http://www.318project.org). Thank you for your support!
